BRIEF ABSTRACT OF LETTER

NOTES AND ORDERS

In connection with the Draft Government Review of the --- Municipal Administration Reports for the year 1916-17 the -- Second Member of Council observed that it would be ridiculous to issue the review now (i e) 24th August 1918) and ordered that the papers may be recorded.

2. In this connection it is submitted that the Deputy Commissioner of the Bangalore District submitted his reviews on the 22nd June 1918 and this inordinate delay necessitates the prescription of a date within which the Reviews have to be submitted to Govt. As the Comptroller's account will be kept open till about the middle of October every year, the Presidents may be required to submit the reports to the Deputy Commissioners on or before 15th November and the Deputy Commissioners may be required to submit their reviews to Govt on or before the 15th December every year. If earlier dates are prescribed it is not perhaps possible to get accurate figures from the Presidents.

(3) Another point on which considerable difficulty was experienced is the non-submission of necessary statements for the compilation of the Government Review. At present, the Deputy Commissioners are required to submit the reviews and the individual Reports for the information of Government. It is submitted that in addition to these, the principal appendices of the reports also may be got in future in a consolidated form for all the Municipalities in each District. This will considerably go to reduce the compilation of figures for the Government Review in this office, besides re-

requiring the Deputy Commissioner to check the accuracy and completeness of the statements --- and to rectify the errors and supply the omissions if any, in consultation with the Municipal Presidents if necessary., without appreciable loss of time.

(4) As regards the Government Review itself, it is submitted that as a separate Review is --- issued in the case of each of the City Municipal --- Councils, the General Review by Government may, --- in future, confine itself to the work turned out in other than City Municipalities as the inclusion of the City Municipalities in the General Review appears to be in the way of accurately judging the progress made in the other Municipalities.

(5) After orders are passed on the points referred to above, a draft order will be submitted for approval.
